Fear is that monster that often lurks under the surface of career advancement. You want a new job; you want to go for a promotion; you want a raise; you want to start or expand your business, BUT, you are afraid! The "what if's" are rampant.

Fear Can Cause Paralysis!

Recognizing, managing and conquering fears are part of the *High-Heeled Success®* skill set, even if you would not be caught dead in a pair of High Heels!

You will leave with:

-  5 fear truths that will shift your view of fear
-  A gender realization that will catapult your career
-  A magic (well, almost) phrase to bust through fear
-  A physical tool that will revolutionize your actions
-  A 6 step game plan for your fear overhaul

Don't miss this opportunity to connect with women who are walking in the same shoes!
